BUNGENDORE NSW 2621

Dear Sir/Madam

Bungendore Landscape Concept Plans

Council's wishes to advise that a report on the Bungendore Landscape Concept Plans was considered at the Ordinary Council meeting held on 2 September 2010, and Council resolved as follows:

that Council:

1. *Construct the proposed approximately 2.2 m wide footpath on the western side of Ellendon Street as proposed in tinted concrete and paver surrounds at 3 m intervals,*
2. *Construct the roundabout as proposed at the corner of Ellendon and Gibraltar Streets with a raised link across Gibraltar Street between the footpath ends on the south eastern and north eastern corners,*
3. *Prepare options for pedestrians crossing Malbon Street in the Ellendon Street vicinity.*
4. *Plant infill trees along the eastern side of Ellendon Street using Claret Ash,*
5. *Investigate use of planter boxes integrated with seating for the western side of Ellendon Street,*
6. *Approve the future provision of angle parking on the western side of Ellendon Street adjacent to the Lake George Hotel and the future provision of a 1.5 m wide footpath along the western side of Ellendon Street between Gibraltar Street and Turallo Terrace to link with the connecting footpath to Elmslea at Butmaroo Street.*

Should you wish to discuss this matter further, please contact Council's Assistant Planning Officer, Ms Belinda McManus, on (02) 6238 8111 or 1300 735 025.

Yours faithfully

Louise Menday
Director of Planning and Environmental Services
